VERTICE

FOR ELEVATOR CONTRACTORS

Let Vertice save you time and money.

Your **sales staff** are better served getting you more work. Your **management staff**, getting the work done. **Let Vertice work for you.**

CAB DESIGN

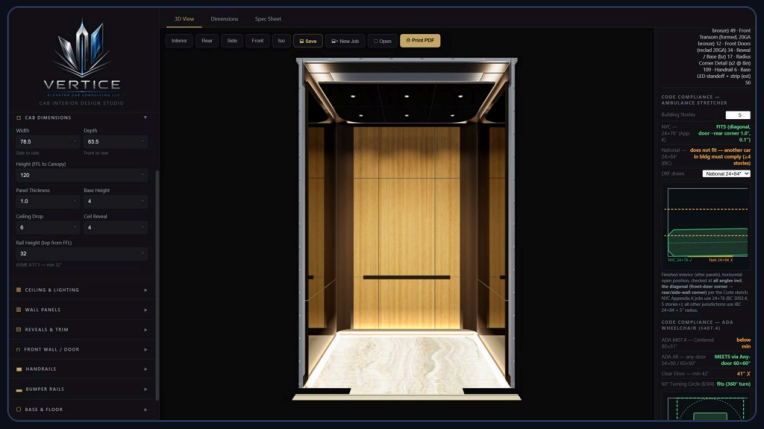

- 30+ years in cab design
- Photoreal renderings, approved before a panel is cut
- Designed within your budget

WEIGHT & CODE VERIFICATION

- Weight checked against rated load
- Code compliance verified up front
- Fewer change orders and remakes

FIXTURES

- Fixture design assistance and selection
- You send the specifications; we handle the rest
- Fixture submittals included

See it. Check it. Sign it off.

Vertice's Cab Interior Design Studio generates the cab, the weight, and the Code checks on the spot.

- ✓ Real-time stretcher and ADA clearance checks
- ✓ Dimensions, spec sheet and weight in one place
- ✓ Photoreal views your client can approve

Every job is your most important one. Why not have an expert working for you to make sure it's done well?

In house. On staff for you. Not part of your headcount. Contact us to discuss how we can handle the entire process for you.
